

Aura/Chakra Readings With TeriLeigh Schmidt

Introduction

TeriLeigh offers aura and chakra readings based on her ability to see the light energy as it emanates from the body. During a session she will describe and draw for you what she sees in your aura and chakras, explain what she intuitively interprets her vision to mean, offer suggestions to improve your life and health, and help to clear blockages and restore balance to your system.

What to Expect

You will sit opposite TeriLeigh in a well-lit room. She will begin drawing what she sees on a generic outline of the human form. Working her way up from the root chakra, she will explain the state of each chakra and some issues you might be holding in each and how they are related to your past, your development, and your current life. At any time during the session, feel free to ask TeriLeigh questions about information she is sharing. Although not everything will be important or sound appropriate at the time of the reading, it may come to light in time. Do not expect to remember everything from the session. What you remember will be important for you, and other memories from the session may return over time as they become significant to your life.

NOTE: TeriLeigh cannot and will not predict the future. She can only assess your current state of being and possible effects on your system from past behaviors, circumstances, and events. She will, however, offer guidance and “prescriptions” to help you heal yourself of ongoing and chronic issues.

What to Bring

You may also wish provide brief statement (no more than 1/2 page) about your journey and your reasons for seeking a divination. This will help establish a context for the reading. If you would like to record your session you may bring a digital recorder or a tape recorder that is silent. Please do not bring a recorder that makes any type of humming sound, since that will be very distracting. Test your machine before arriving to make sure it is working properly.

Length

Readings may last 45 minutes to an hour, although this experience seems to unfold beyond linear time. The time you spend in session will be the right amount of time.

Offerings/Fees

The fee for a personal session is \$100. Cash is preferred, since it is the most “direct” form of reciprocity; checks are also acceptable. If you wish to pay by “plastic,” please notify TeriLeigh ahead of time. It is best to put the money in an envelope with your name on the front. Even if paying by credit card, put a note indicating your payment in an envelope with your name on the front. Speak a prayer of intention into the envelope and bring it to the session as your offering.

TeriLeigh discovered at age ten that her ability to see and read auras was not common. She has since developed her intuitive gift for over twenty-five years. Going beyond the typical “what color am I?” question, TeriLeigh reads the textures, densities, transparencies, deficiencies, excessive traits, and illumination qualities of the chakras and auras that emanate from the ethereal body.
